Good Morning Michael,

It is with great regret that I inform you of my resignation from the Police Conduct Oversight Commission as I have now moved my residence from Minneapolis to the city of Plymouth.

My time with the commission has been very valuable and I appreciate the opportunity you and the Department of Civil Rights has given me to learn from and participate in this very important work.

You have a great group of commissioners who are dedicated to the goals that the commission has been charged with and it is my hope that my replacement will bring the skills suited to enhance the work that has already begun.

Thank you for your leadership and guidance in bringing us all together.

Sincerely,

Andre D. Dukes
